Dear [redacted]

STAT

On behalf of the entire DCI's S&T Advisory Panel, I want to thank you for the outstanding briefing that you presented on 19 September. Your briefing provided a great deal of insight into the problems facing the Intelligence Community in gathering insight into the problems facing the Intelligence Community in gathering information on BW/CW. It is of course an important topic that perhaps deserves more effort than it is currently receiving.

I understand the amount of effort that you put into preparing this briefing and want you to know that we deeply appreciate it. If we can be of assistance to you in the future, please let us know.

Sincerely,

STAT
